

Regional BioCamp 2014

May 25 - 27, 2014, Ljubljana, Slovenia

1. What is BioCamp?

The Regional BioCamp 2014 is a three day forum, that brings together selected top students with distinguished experts and top managers. It is a great opportunity to gain direct insight into the world of research and international business environment within the pharmaceutical industry.

Regional BioCamp 2014 offers participants an excellent opportunity to:

- Understand trends and challenges in the development of differentiated generics and biosimilars
- Interact with key experts and leaders from Sandoz and Novartis
- Receive first-hand experience about how to start and manage a company
- Explore career opportunities in the pharmaceutical industry
- Network with talented students from other countries

2. Program

Key-note presentations of leading scientists from academia, Sandoz and Novartis:

- New developments in the generic pharmaceutical industry and biosimilars
- Worldwide experience in biosimilars development
- Starting a company
- New treatment strategies for metabolic disorders
- Patient view on treatment opportunities
- Career opportunities in the pharmaceutical industry

Students' workshop:

- How to develop and launch a pharmaceutical product

A visit to Sandoz development facilities in Slovenia.

3. Who may apply?

We invite regional university students in natural sciences, from last year pre-graduate studies, masters, doctoral and post-doctoral studies, to apply for the Regional BioCamp 2014. The event will be held in English and English fluency is required.

A total of **35 selected students** will be chosen based on their academic excellence, professional experience and extra-curricular activities.

The two winners of the Regional BioCamp will participate at the Novartis International BioCamp 2014 in Basel, Switzerland.

4. How to apply?

Email the application form together with your CV, recommendation letter and motivation letter to: biocamp.lek@sandoz.com.

Deadline for applications is **February 20, 2014**. Only complete applications will be considered. Selected students will be informed via e-mail in April 2014.
